**NINETEEN SEVENTY**

LuAnne Valcourt

Hi Anne,

RESERVED

Well, its another year and we've survived again. Been really great having you in Home Ec. I think Dimick needs a vacation. We really had some good times this year. In "some" trouble and out of it to.

Been really ~~good~~ nice knowing you these past years and I hope we can remain good friends for a long time.

Have fun this summer and take it easy with Jim. Good luck with him too + take care of that one bet Jim + I made, in chicken!!

~~could write more but there's no room. Stay like you are + good luck next year. Friends Always - Bucky~~

Loane

Reserved for Jim

I has been very interesting knowing you this year. Take it easy this summer, cause I know I will. Loane for one thing when I was falling asleep in English you and Timi fighting woke me up. Maybe we can get in a more lively class together next year.

A pal

Jim

Hi Anne,  
I appreciated your company in the English class, your friendship and everything. I just have to say that I hope to see you someday.  
Good luck next year and have fun this summer!

A black and white photograph of a school building entrance. The word "LACEDAEMON" is written in large, white, serif capital letters across the top of the entrance. Below the entrance, a group of students are running out of the building. There are about seven students visible, some carrying books. They are running on a snowy path. The building is made of brick and has a modern design with large windows and columns. The ground is covered in snow, and there are some footprints visible.

## a meaningful year

- combines joy and sorrow
- involves achievement
- develops friendship
- requires participation

we assembled our LACEDAEMON with the goal of recording school activities and events as comprehensively as possible. By using these four words, we were able to express four important phases of school life.

The use of pictures, copy, and outlines enabled us to relate the story of Superior Senior High School, 1969-1970.

Sue Anne,  
It was fun having you in  
homeroom and English. You must  
have understood the stories  
read good to get up a good  
discussion in class. I hope  
see you this summer and  
next year. There's always  
something to discuss!  
something I would always  
love to discuss!

## *combines joy and sorrow*

Your joy is your sorrow unmasked. And the selfsame well from which your laughter rises was oftentimes filled with your tears. And how else can it be? The deeper that sorrow carves into your being, the more joy you can contain . . . When you are joyous, look deep into your heart and you shall find it is only that which has given you sorrow that is giving you joy. When you are sorrowful look again in your heart, and you shall see that in truth you are weeping for that which has been your delight.

KAHLIL GIBRAN

LeeAnn,

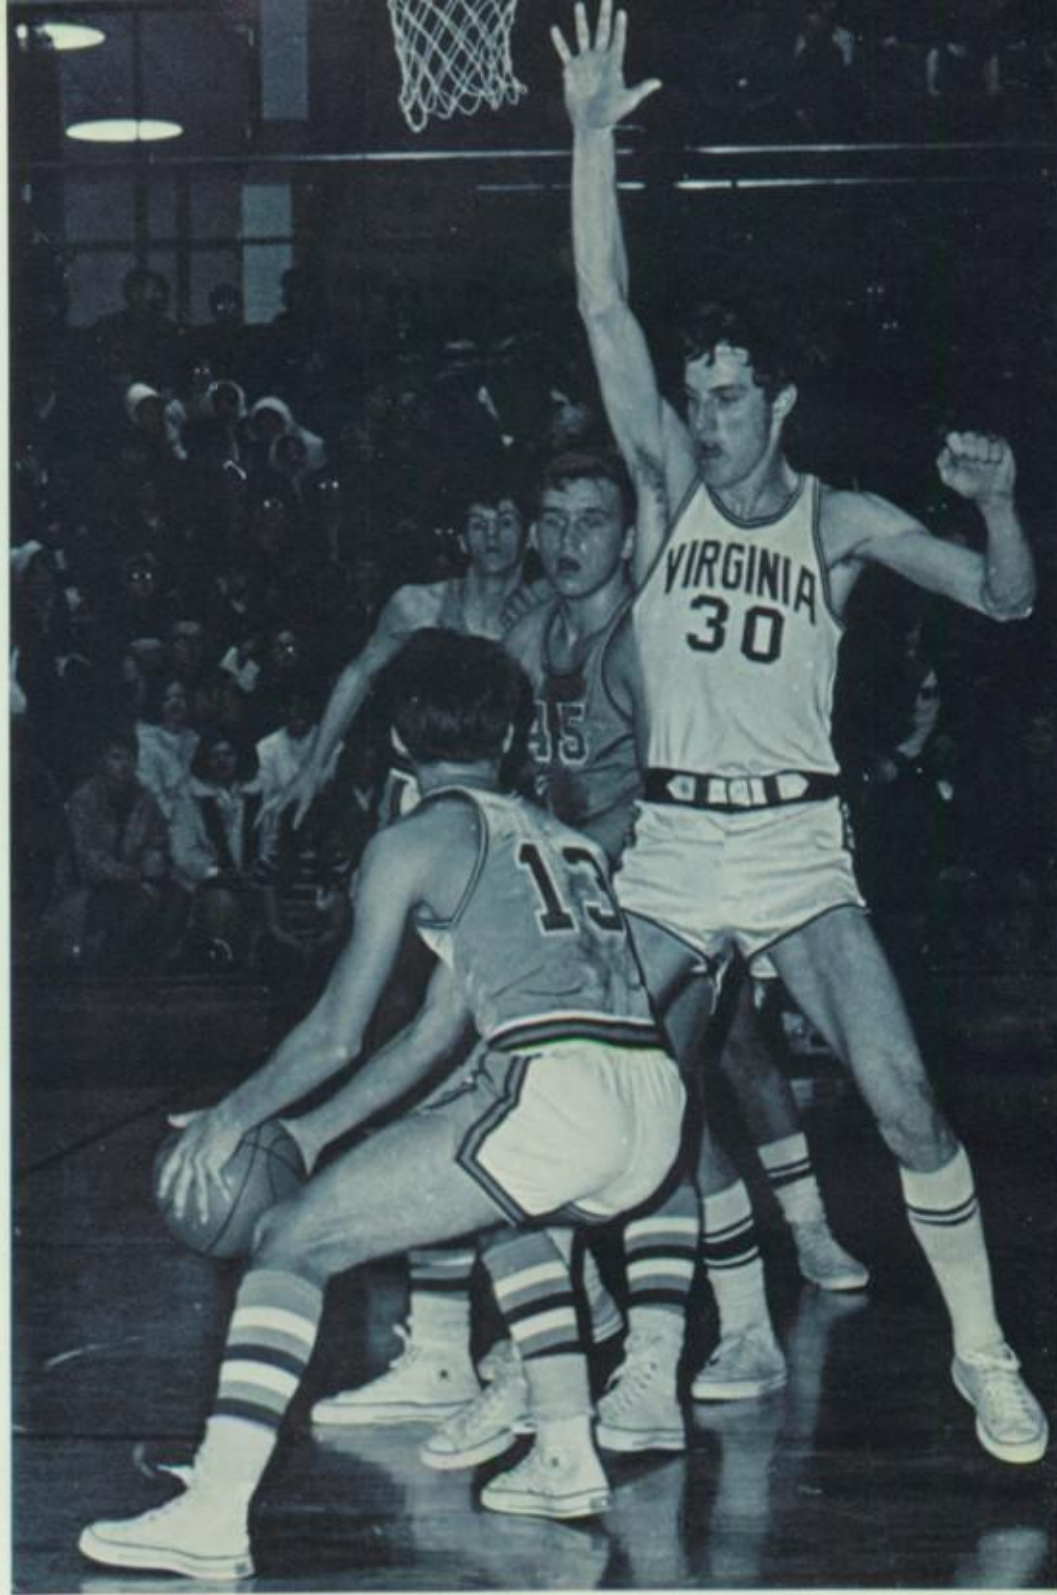

Well I found ~~a~~ place  
that wasn't reserved. It's  
been nice having you in  
some classes and I hope to see  
you in some  
next year.  
Best of luck  
in the future  
years.

Michael

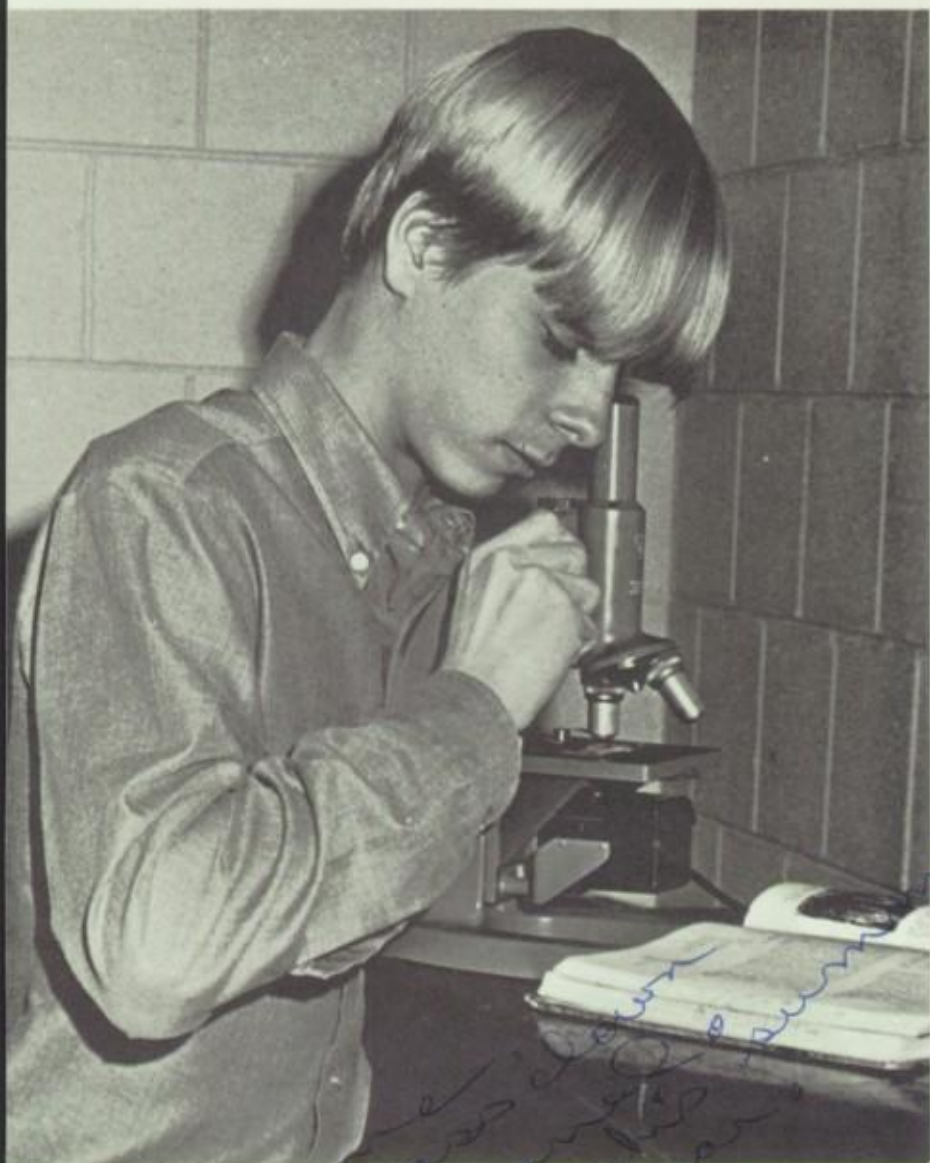

*involves achievement*

You work that you may keep pace with the earth and the soul of the earth. For to be idle is to become a stranger unto the seasons, and to step out of life's procession, that marches in majesty and proud submission towards the infinite . . . Always you have been told that work is a curse and labor a misfortune. But I say to you that when you work you fulfil a part of earth's furthest dream, assigned to you when that dream was born . . . And in keeping yourself with labor you are in truth loving life . . .

KAHLIL GIBRAN

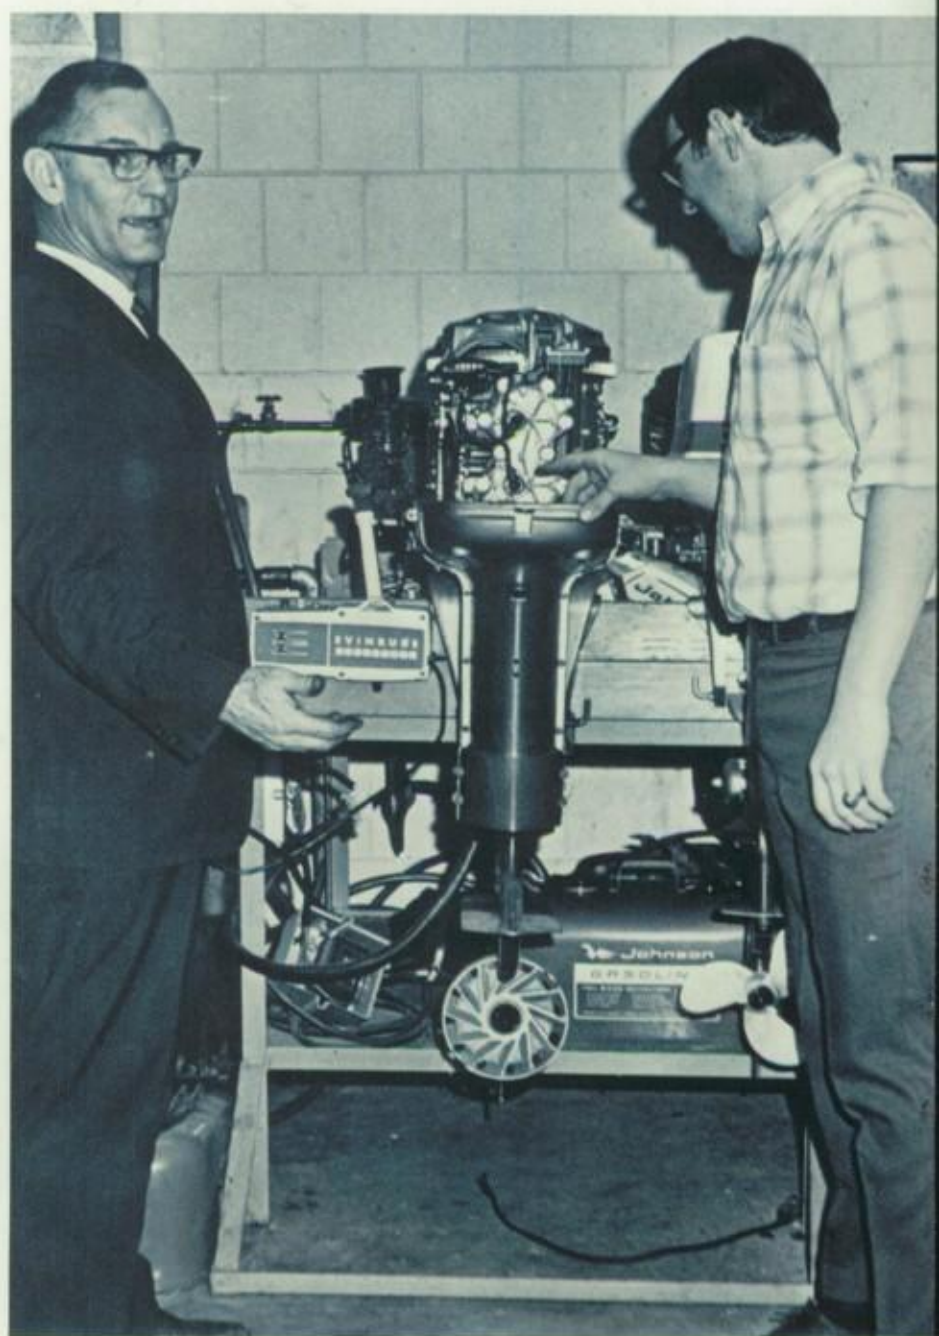

Dear Dad  
 I'm doing just  
 fine about you  
 to go away from  
 see you just  
 have a great  
 day

## develops *friendship*

Your friend is your needs answered . . . For you come to him with your hunger, and you seek him for peace . . . And when he is silent your heart ceases not to listen to his heart; For without words, in friendship, all thoughts, all desires, all expectations are born and shared, with joy that is unclaimed . . . Let there be no purpose in friendship save the deepening of the spirit . . .

KAHLIL GIBRAN

Hi Anne,  
It's really been a great year, especially in history. I really loved that class. I had fun during 4<sup>th</sup> hr. that day. It's just to bad I had to get caught sometimes I think you & Berky can talk me into anything. I want to tell you to take REAL good care of Jim. If you ever decide you don't want him anymore, I'll take him. Remember that date you have with Rick in July. Jim and I have our date all planned. I'm planning on have a real good time that night & I hope you and Rick will have as much fun. One of these weekends Jim will have to babysit & we will have to go out & have REAL!

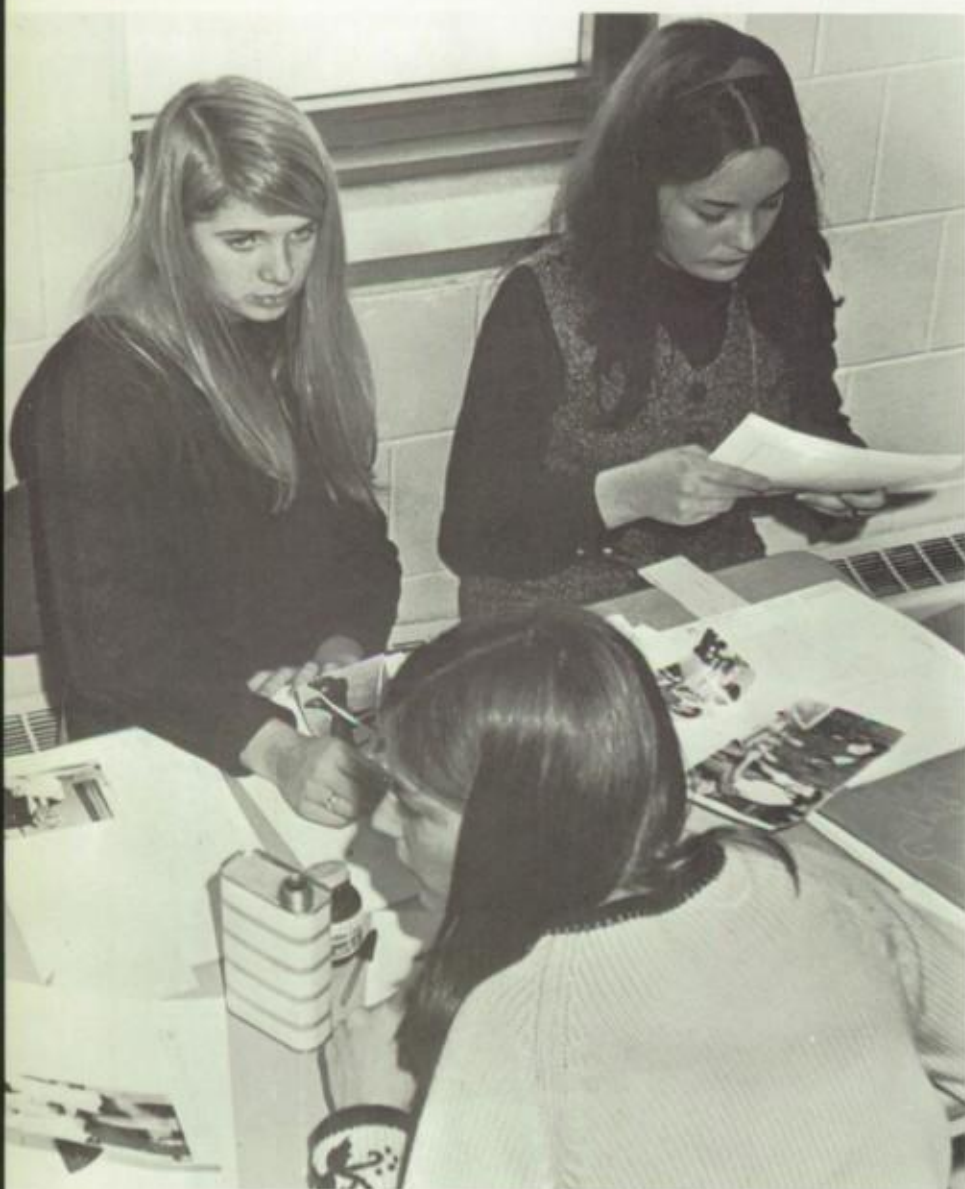

Well I'm running out of things to say so just have a lot of fun this summer & try not to get into too much trouble. Don't be a stranger all summer either. Give me a call.

Friends Always  
Perrin

P.S. Corrupt people are a lot of fun & money. I shall why I enjoy your company so much. You've always been a great kid & a lot of fun to hope I'll never change. Take care of Jim.  
G.M.

## requires *participation*

You give but little when you give of your possessions. It is when you give of yourself that you truly give . . . There are those who give little of the much which they have and they give it for recognition and their hidden desire makes their gifts unwholesome. And there are those who have little and give it all . . . those who give with joy . . . and those who give and know not the pain of giving . . . Through the hands of such as these God speaks, and from behind their eyes He smiles upon the earth . . .

KAHLIL GIBRAN

*Luanna, I was a special friend  
to you. I have a lot of friends  
but I like you best.

To Anne,

You sure have been good to me this year, such as bringing me out to lunch, getting me out of English class, making me late for classes and especially making me late for gym with good old Van ~~Van~~ (your pet name for her.) You know I'm just kidding when you say you a bad influence on me. You've been a good friend since Kindergarten (even in second grade, remember the shoes?). (Don't forget 5th grade either the smoking and being caught by Dubitch.) See you really do not influence me (ha! ha!) I would have thought of it on my own. I've enjoyed this

## outgrow sshs

Every year, seniors look back and remember all the things which made their high school years the happy (and troubled) times that they were. This year's seniors are no different. They remember their sophomore party, their junior prom, and their senior party. Ordering rings, announcements, caps and gowns, and grad pictures come to mind also.

Of course, no senior will ever forget the hours of studying spent for each class or their indecision about choosing a college or career.

Time spent at SSHS will long live in the minds of the 1970 graduates. Only time and new experiences will erase these memories.

Seniors Jim Allen and Dave Christianson recognize good reading when they see it.

## *unite for greatness*

The junior class was well represented this year. Having capable, dependable, and reliable leaders made our class more unified. That was a big job because of the increase in the number of students. They planned such activities as class parties, a sleigh ride, and a very successful prom. The class officers were as follows: Jim Stevens, president, Roberta Sutherland, vice-president, Pat Girzi, secretary and Cindy Krenz, treasurer.

Juniors relax in American History room before class begins.

## *make new friends*

Besides the bewilderment of new surroundings, sophomores also had the confusion of a split shift to contend with, which made their introduction to high school life even more bewildering. Following the first weeks of school, they settled down to regular school life: building floats, making posters, electing officers and joining organizations.

Being ambitious and full of life, these sophomores are looking forward to their next two years of high school with great anticipation.

Sophomores leave biology class after a busy hour.

Sophomore Class Officers: Chester Krick, president; Priscilla Farias, secretary; Jim Holton, vice-president; Marilyn Stein, treasurer.

## *sophomores* *exhibit school spirit*

Miss Lingberg discusses the assignment with an English class.

DR. KENNETH RIPPLE  
SUPERINTENDENT

MR. MICHAEL VERICH  
ASSISTANT SUPERINTENDENT

*superintendents, board of education  
supervise, improve superior's  
educational system*

Dr. Kenneth Ripple, superintendent of schools, is responsible for the supervision and improvement of Superior's educational system. By this authority, Dr. Ripple declared the week of October 20-24, 1969, as "Rest the Textbook Week." "This week's activities," said Dr. Ripple, "shall serve as an experiment to determine whether learning can take place in a classroom without textbooks and to what extent."

Because of the size of the school system, the position of

superintendent of schools has required an efficient and hard-working administrator to establish a sound educational system.

Mr. Michael Verich, assistant superintendent in the Department of Instruction, has a schedule which occupies much of his time. Besides taking over during the superintendent's absence, one of his primary duties is to advise on curriculum instruction. Mr. Verich is a frequent visitor to Superior Senior.

## tries shift system

"Our school will always be open to those who are anxious to learn; past performances and accomplishments are significant only to bring about a better understanding of you, the student. I hope that you will grow both physically and mentally with your tenure at Superior Senior High School and that finally we can reflect on your accomplishments together, satisfied that yours was a job well done.

Finally, may you sense that your high school is a better school and you a better citizen because you were a student here.

Robert Gradin  
Assistant Principal

With the increase of over 300 students from Cathedral, Mr. Gradin had a big job organizing programs for 2039 students. Many hours were spent trying to get a suitable program for each student. Mr. Gradin is also responsible for textbook inventory and ordering textbooks. Aside from this, he helps with other problems that arise in this school.

Mr. Paquette, in his second year as assistant principal, deals with the disciplinary area. He also takes charge of attendance for the boys. Mr. Paquette, a former football coach, attends most sporting events.

Alice Mitchell  
Director of Guidance

"Guidance is inherent in every part of the school that is concerned with assisting the pupil to make choices, adjustments, and interpretations. Conditions of modern life and changing school schedules indicate the increasing necessity for organized counseling for vocational planning, for making academic decisions, and for solving personal problems. An effort is being made to provide an opportunity for all to receive assistance.

As always, the work is not only interesting, but it is a very rewarding experience to work with youth."

Career opportunities are abundant as Mr. Pollock points out to a senior.

## *counselors assist students in many ways*

Mr. Lund began his counseling career when this year's seniors entered S.S.H.S. Helping the student develop to his fullest potential is one of Mr. Lund's prime goals. He finds his job interesting because of the people he meets and the challenges he faces. In his spare time he relaxes by hunting, fishing and doing carpentry work.

Mr. Pollock feels his chief duties as guidance counselor are "assisting students in any questions they may have; assisting students in any way we can." He asserts that the most interesting aspect of his job is "talking with the kids. I find satisfaction in any help I can give." He finds that playing even a small part in student life is rewarding to him. He enjoys hunting and fishing in his spare time.

"My main concern is the welfare of the student, both educationally and socially. Our greatest achievement can be to have everyone become all he is capable of being," stated Mr. Rogina about the guidance program. He claims his job is interesting because each day is not routine. "Each day brings new problems, new questions, new answers." In his spare time he enjoys golfing, fishing and "building things."

## ACADEMICS

Academics isn't just getting four grades a year.  
Academics isn't sitting bored in a classroom.  
Academics isn't doing endless homework.  
Academics isn't taking impossible tests.  
Academics is being able to read one's shorthand.  
Academics is learning stage falls in drama.  
Academics is dissecting a clam in biology.  
Academics is a problem in Math "A".  
Academics is making a deadline in journalism.  
Academics is ACHIEVEMENT.

Jim Denny, with the help of Peggy Horton, is hoping to impress Miss Giesecke with his knowledge of French.

## *foreign languages*

*generate enthusiasm*

The Foreign Language Department was again increased with the addition of a new class, French IV, and a new teacher, Mrs. Susan Olson, who taught French and Spanish. In the French IV class, more emphasis was placed on dialogue, plays and skits. Students wrote and acted these presentations almost entirely on their own.

The outstanding feature of this department was the enthusiasm all four language clubs had in participating in the various school activities. One is always sure to find at least three, if not all four clubs in busy activity throughout the year.

Students concentrate and respond during a class session in the foreign language laboratory.

Gayle Lien and Terry Hughes put up signs of the time during "Rest the Textbook Week".

Jane Avery and Jane DeBruyne follow the script in their book while listening to a recording of "The Glass Menagerie".

## language arts

### teachers concentrate on literature

A large majority of the students were involved in the Language Arts Department this year. English 10 and 12 students were confronted with Shakespeare, while English 11 students tackled Edgar Allen Poe and Mark Twain. Besides the basic English class, students are offered other related classes which concentrate on particular phases of English. Students of Journalism I learned journalism theory and those in Journalism II assembled the year-book and newspaper. Speech I and II, Dramatics I and II, Creative Writing and Current Literature students were involved with the fine arts aspect of the English language. The teachers of these classes strive to give students a deep appreciation of the English language and of English and American literature.

# math

## fundamental concepts taught

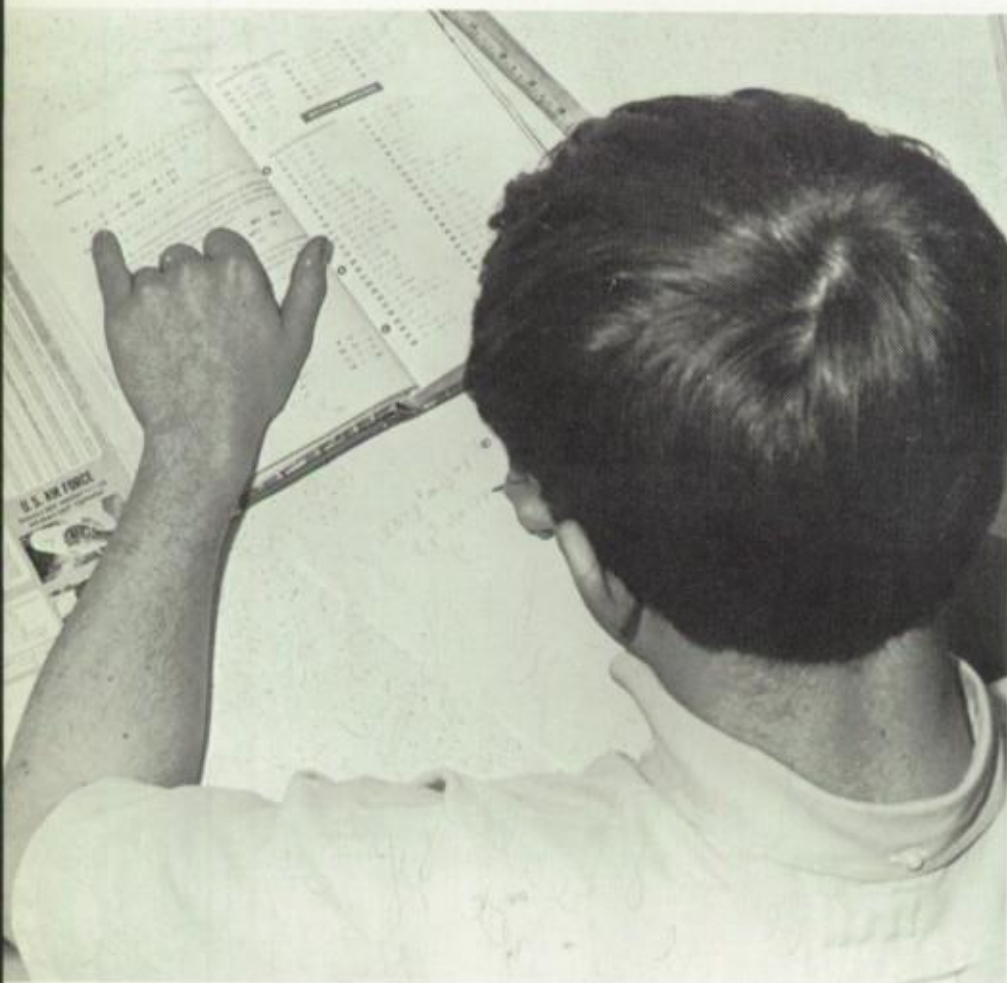

Discovering talent, stimulating interest, improving techniques and preparing for further schooling are the goals of mathematics students. Through a well-balanced mathematical program, teachers aim to fulfill the needs of mathematical students who graduate from S.S.H.S., regardless of which endeavor students later choose.

Four different types of math courses are available to students: algebra, geometry, Math A and Math B. Junior and senior Math A and B students participated in an annual statewide math contest. Students wishing to do so took part in the Wisconsin Mathematical Talent Search, which consists of a sequence of math exams taken throughout the year. During "Rest the Textbook Week" some instructors did individual work with students, such as teaching them to use a slide rule.

Janet Saari attempts to solve a Math A equation.

John Mahan attempts to solve for x, in the problem  
 $x(2x-7x-18)(17x-27x+54)$   
 $z(17x-12tr+5)$

Frustration appears on the face of Kathy Lonnstrom while learning to use a slide rule.

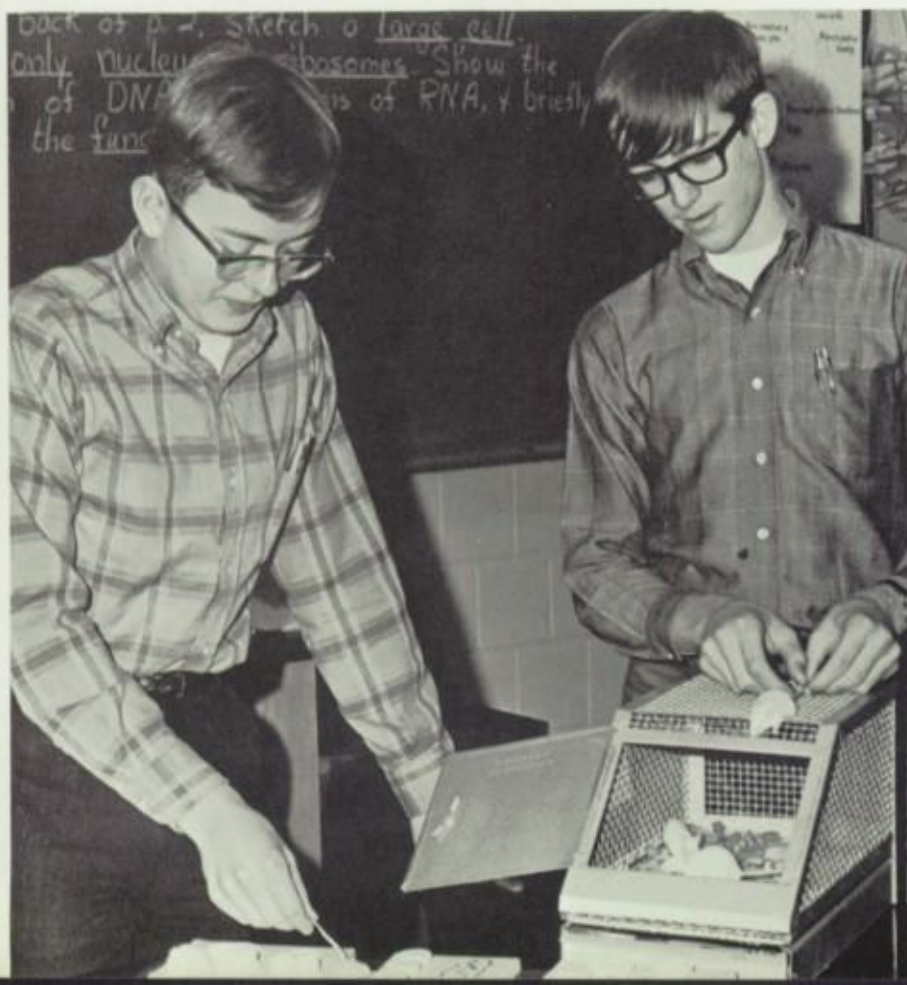

The neutralization process is delicately performed by Barb Larson and Chuck Finckler.

Sophomores Rod Swanson and Harry Kubarek test the eating habits of white mice.

## science

### classes hear guest speakers

The three science courses aim to give science students enough background information necessary for those who pursue the college level sciences. For students not furthering their schooling, teachers hope to teach students enough science necessary for health and life in general.

Some changes were evident this year in the courses. The biology program included a new class in life science, which emphasizes practical biology. The physics classes made use of Harvard Project Physics materials. They also visited the U.M.D. Planetarium, and both chemistry and physics classes heard guest speakers throughout the year.

Kim Thompson, Glenn Viggiano, and Jack Ursin (partially hidden) decide on the pressure and temperature constants for a physics experiment.

# art

## *students express themselves*

This year's art students were kept busy by preparing for various events. They displayed their artwork throughout the school to coincide with the seasons. They also decorated for school activities such as the Christmas concert, the prom, baccalaureate, commencement and other special events. The commercial art classes took care of making posters for the school's dramatics department.

Art students competed at an advanced level. They participated in an S.S.U. art festival and in a school festival, held each spring. Mr. Orlandi's classes showed their creativity in preparing a "happening," held in the fall.

Tony Kubalak uses the pottery wheel to create his project.

Ken Elm applies finishing touches to a work of abstract art.

Rose Mabry and Ruth Nelson design a harp as part of the decorations for the Christmas Concert.

Debbie Holmstrand attentively practices the organ.

## *music*

### *organizations work together*

The music department boasted of a larger enrollment this year. With more students involved, more activities were possible. Interested band students participated in a summer band program. The Marching "100" and the Spartan bands performed at football and basketball games. An innovation occurred when members of the choir and orchestra combined with the dramatics department in presenting a musical this February. Each music group competed in a state-wide music contest held at W.S.U. annually.

Teaching the students to perform good music is a goal of all music teachers. Through the music classes and private lessons, students gain insight and learn the pleasures of participating in a group consisting of other students with similar interests.

"Marching 100" members practice music for future performances.

Mr. Teie energetically directs the All Girl's Choir.

## home economics

*emphasizes consumer education*

This year the Home Economics classes concentrated on consumer education, family living, child care and development, and nutrition rather than just "cookin' and sewin' ". As an extra activity, some of the girls entered the "Make It With Wool" contest.

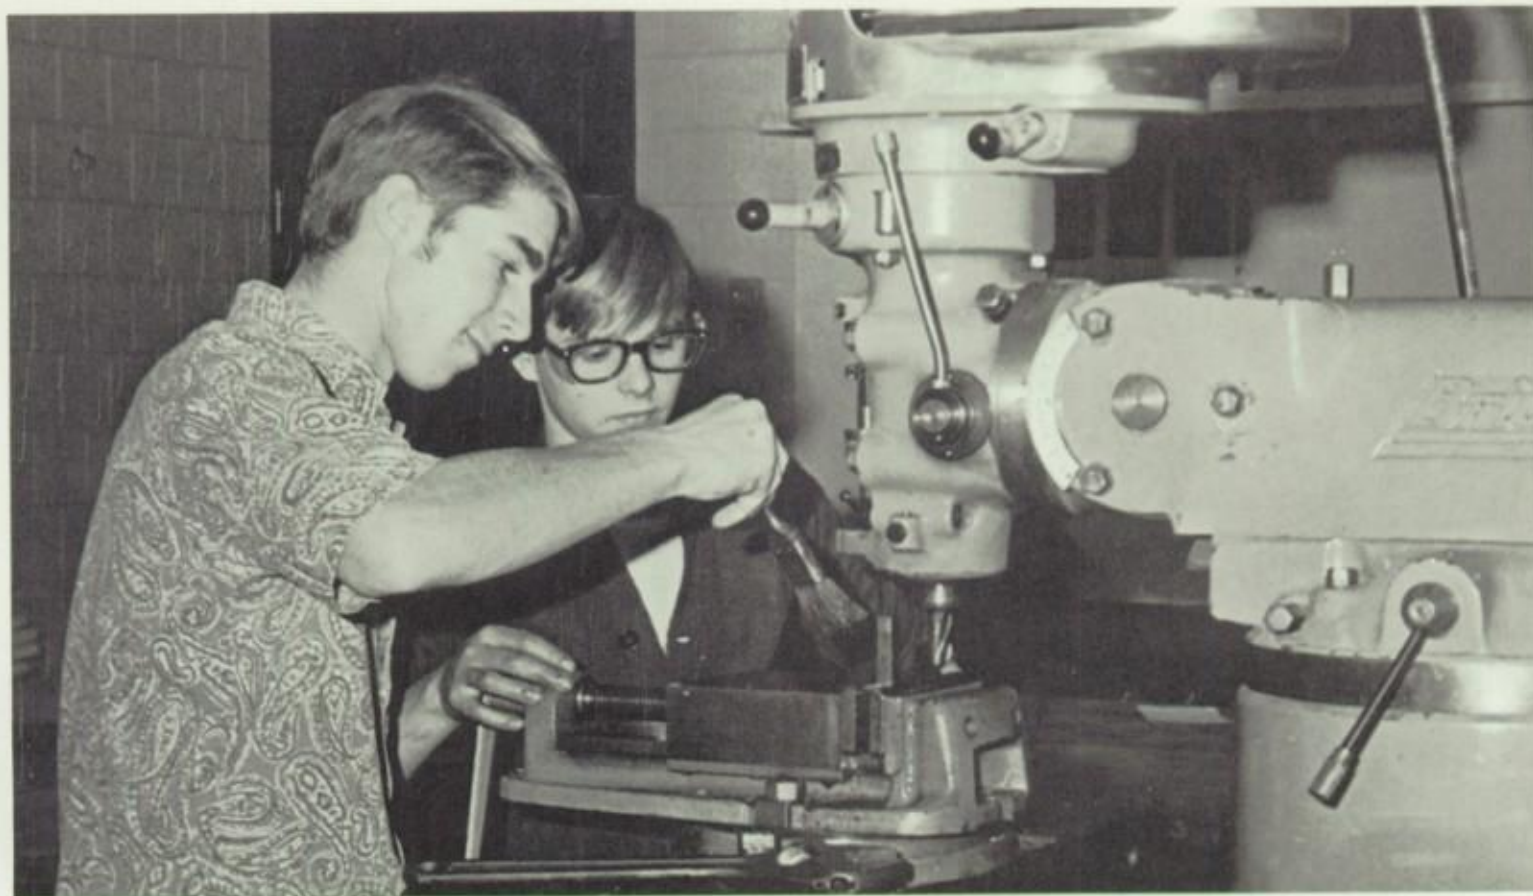

The Home Arts classes stressed consumer buying of household furnishings such as carpets, draperies and flatware. Time is devoted to dealing with table settings, furniture styles, and home lighting. During the last quarter, each student creates a home which combines all of her talents. In this way, the student becomes aware of art within each part of the home and learns to choose wisely in planning an artistic home.

Gayle Lien helps to prepare a turkey used for the Thanksgiving dinner given by Home Ec. III girls.

Gail Galliford, Jean Keaough and Peggy O'Brien test the weave, density and pile thickness of carpet samples for a Home Arts project.

Gilbert Keen and Gerald Day clean a drill press of its metal shavings.

Dennis Larson manipulates the jointer in order to obtain a smoother surface on his cribbage board.

## *industrial arts*

*learn skills for future*

Various skills are taught in all of the industrial arts classes. The basics of tools and machines are taught in Wood Shop I while cabinet building and mass production are the main topics taught in Wood Shop II. In the Power Mechanics and Small Engine Repair classes, students studied the history of power along with hydraulics and pneumatics. Each student had an individual project and elementary adjusting of automobile engines was taught. Concentrating on building projects the Electronics classes learned a great deal about electronics in theory and in practical use.

# *social studies*

*revisions improve program*

The Social Studies Department of S.S.H.S. has been involved in the areas of curriculum revision and modification. The sophomore world affairs course has been involved with current world problems, while the junior American history classes have been revised to relate to the great issues of our history. The senior Problems of Democracy course has been involved with the problems that we, as a nation, face.

The presentation of problem-solving techniques was stressed in all three areas this year. It is felt that such teaching innovations will make the courses more meaningful to the students and more relevant to the times.

Claudia Mattson requires the help of a map for a Probs class special report.

Panel discussions "enliven" Probs classes.

Claudia Arola practices shorthand skills.

Adding machines are one of the many devices which office clerical students must learn to operate.

## *business education*

*encourage practical skills*

Business education teachers offered classes and practice in those areas which they felt gave the student the best preparation for the business world. Stress was placed on basic office skills and office procedures, including filing, mimeographing, stenciling and dictation.

Field trips, guest speakers and outside work experiences, such as typing and running off tests and announcements for teachers and coaches, were used to enrich the school program.

Long hours of typing help typing students increase accuracy.

Rhythm is stressed in folk dancing in junior girls gym classes.

## *physical education stresses coordination*

Students have been striving to improve coordination in physical education classes. They started off the year with physical fitness tests, which consisted of sit-ups, arm hang, 50-yard dash, broad jump, shuttle-run, softball throw and the 600-yard walk-run.

Much stress this year in Girls' Phy. Ed. was placed on physical fitness. Exercising to records helped to develop muscles and endurance.

Both the boys and the girls participated in volleyball, swimming, working in the apparatus room and various outdoor activities.

Cameron MacDonald eyes the ceiling in the midst of a flip.

Senior girls develop skills in volleyball.

# *exceptional students driver's ed.*

*learn new skills*

Practical ability was the emphasis placed on the exceptional students at S.S.H.S. this year. They were instructed in the basic courses which would enable them to hold jobs, found for them by their teacher because of the work-study program for these classes. These students are instructed to lead normal lives as productive and self-sufficient citizens of our society.

Driver education students have an opportunity to learn and practice new skills on the driving range. One instructor is able to handle as many as 20 students at one time on this range. By speaking into a walkie-talkie, teachers instruct students, who hear the instructions from their car radios. The range requires much alertness and concentrated effort. Tires are used as markers for various exercises. Any tires knocked over or moved must be returned to the original position by the student.

Self-sufficiency is the goal of these exceptional students, aided by Mr. Edward Kossic, their teacher.

Driver Education helps young adults develop good driving skills.

LwAnne,

It's been fun getting to know you this yr. Hope we have each other in similar classes such as Home Ec. It was a riot in there, huh?

Well, next yr. if we meet in the link can for a week. Maybe I'll have the cigarettes. Ain't much room left so I'll write what I put in other year books. Have fun this summer & if you stay in trouble I'll see ya around.

Friends Always,  
Amy

P.S. Is banana bread still your favorite?

## ACTIVITIES

Activities aren't just a good excuse to get out of class.

Activities aren't being on time for the Grand March.

Activities aren't getting enough students to run for class offices.

Activities aren't going to a basketball game to watch the cheerleaders.

Activities are giving a style show for the public.

Activities are bus trips to Duluth.

Activities are bake sales that last all day.

Activities are holding meetings during the break.

Activities are PARTICIPATION.

Nina Staupe receives the traditional football from Captain Rick Wickell after being named the 1969 Homecoming Queen.

## *homecoming*

*spirit unites school*

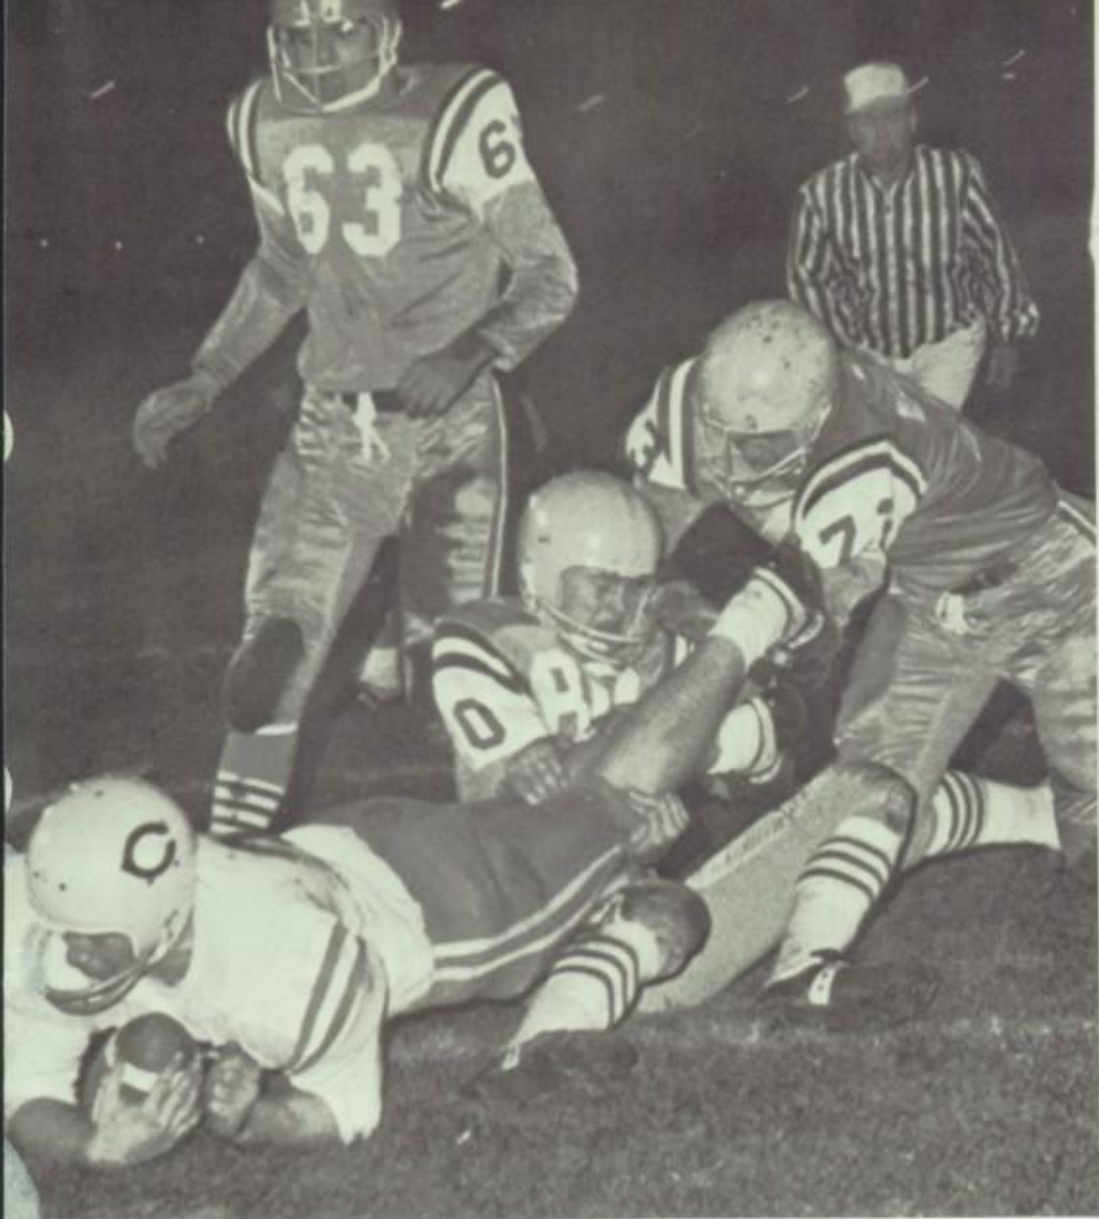

The 1969 Homecoming was one of the most successful endeavors of the Student Council this year. The activities started on Monday with the planning and building of floats. Because of "Rest the Textbook Week," students were able to spend more time working on their floats and marching units.

Friday, the six queen candidates were introduced to the school at the pep assembly. After several choruses of the school song, some competition cheers and a pep talk by Nancy Hutchinson, president of the Pep Club, students were dismissed to watch the parade.

At ceremonies before the game, Nina Staupe was named the 1969 Homecoming Queen. The winning floats and marching units were also announced. Although we lost the game, which was against St. Cloud Cathedral, another victory was present because the "Spartan Spirit" was out in full force and truly unified the school.

The dance Saturday night climaxed the week of busy activity.

Spartans put up a mighty fight against one of the St. Cloud Crusaders.

Second place Homecoming float is won by room 232.

Students check in coats at Homecoming Dance.

Students find broomball a new and exciting winter sport.

## *snow times*

### *snow time is fun time*

Snow time is fun time, and the time for enjoying the white fluffy matter which covers the ground at this time of year.

Broomball games were held throughout the season between boys of all classes, at different skating rinks in the city.

Ski trips were taken to surrounding resorts, where many weekends were spent speeding down the snow-covered slopes.

Snowmobiling, skating and sliding, and just plain romping in the snow were also at the top of the fun time list last season. Leisure time was spent skiing, for those skilled in the sport, and for those not skilled in a winter sport, sliding and cavorting through and over snow banks provided fun-filled afternoons for SSHS students.

## *junior-senior prom*

*queen kathy and king russ reign over "moonlight and roses"*

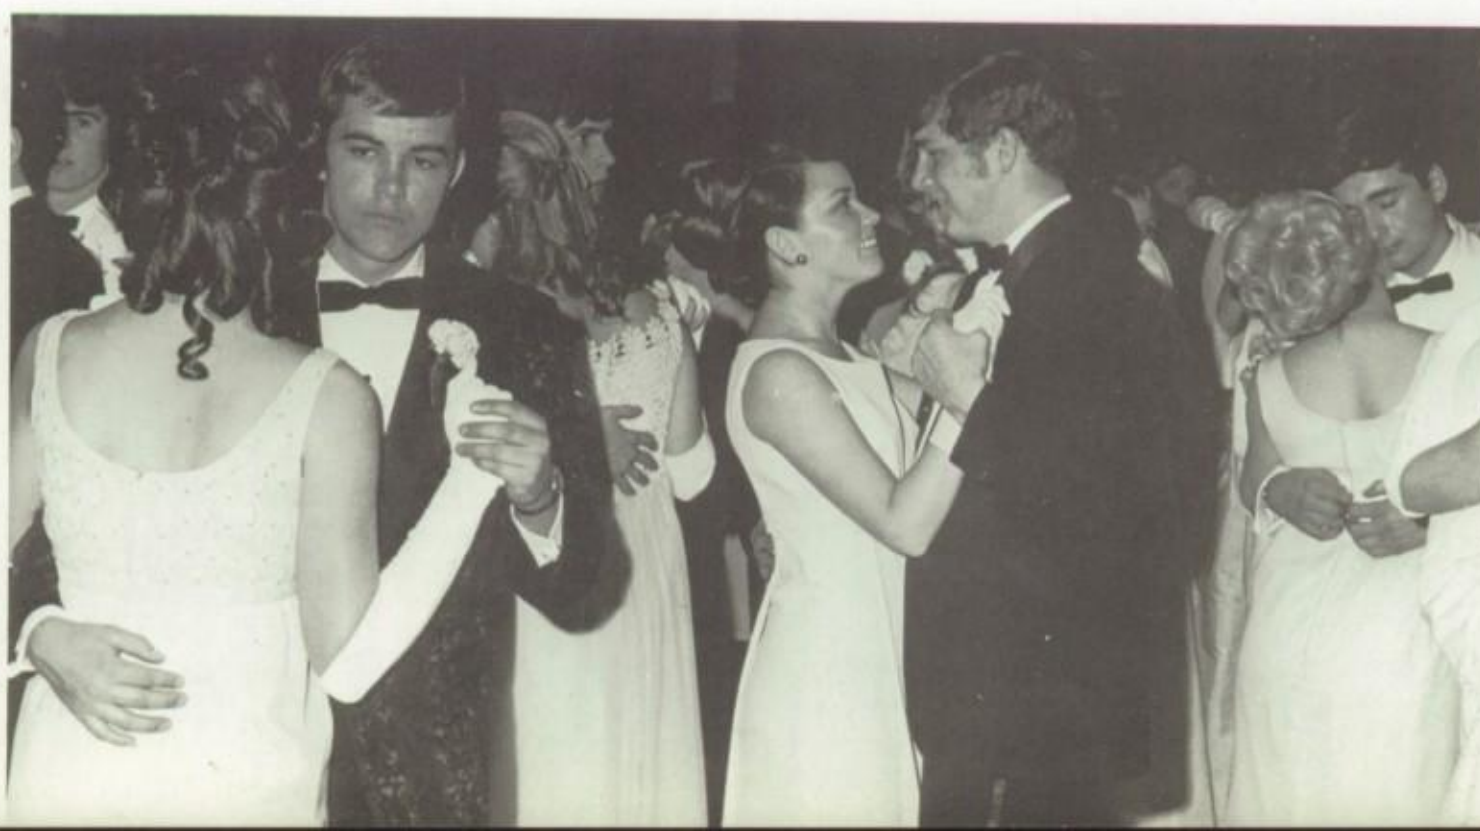

A successful prom was hosted by the junior class on Saturday, May 3, 1969. The link area, cafeterias and gym were appropriately transformed by the art classes to carry out the theme "Moonlight and Roses." Sophomore girls played an important role by serving refreshments and checking coats. Music was provided by the Dave Mattson Sextet.

Promptly at 9:30, ceremonies prior to the Grand March

began in the link. Jane Olson, mistress of ceremonies, introduced the prom court and announced the prom king and queen. The march began in the link and progressed to the gym, where the couples continued in formation to the Grand Finale.

Tickets were sold in advance of the prom by the junior class. Formal pictures were taken of those couples who wanted them.

Couples are completely captivated by the romance and beauty of the evening.

## *plays*

### *'west side story' amazes public*

Members of the Dramatics Club, along with other students, were kept busy planning and performing various plays throughout the year. In the fall, students performed the Childrens' Plays at elementary schools in the area. "Of Poems, Youth and Spring" was performed for one-act play competition in Eau Claire and received a 'B' rating.

In February, "West Side Story" was presented with the leads played by Steve Huhta and Kathy Mathews. Approximately 200 students participated in this production, which drew standing-room-only crowds. Press reviews were excellent.

## *christmas dance*

### *'silver bells' chosen theme*

Once again the magical spirit of Christmas transformed the cafeteria and link area into an enchanted ballroom. Dressed in velvet, satin, and lace, girls danced with their chosen men around decorations of silver bells, evergreens, and mistletoe. Nearly 300 couples danced to the music of the Shades of Blue. Held December 23, the dance provided a beautiful beginning to a long-awaited vacation.

# *pep club*

*shows who's got the spirit*

Those who were at SSHS last year noticed a big change this year; signs supporting the school's many sports were hung, taped, glued and just plain stuck in any open space. Who was behind all this? The Pep Club, naturally.

Through many organizational meetings, the Pep Club finally emerged as a spirited, school-supporting group of students. Armed with paints, paper, buttons, shakers and loud voices, the club showed our opponents "Who's got the spirit."

The only fund-raising activity of the club was selling "Spartan" buttons during the fall. According to Nancy Hutchinson, president, buttons sold numbered well over 1000.

Besides selling buttons, the Pep Club's other activities included chartering buses for out-of-town games.

## *forensics*

### *gain poise through participation*

The forensics team at SSHS spent much of their time preparing for the annual forensics meet held in March. This year the sub-district meet was held at Northwestern. Those receiving 'A' ratings advanced to the district meet at WSU in Superior. Persons receiving 'A' ratings here were eligible for state competition in Madison. Categories included were memorized declamation, interpretive reading of prose, interpretive reading of poetry, four-minute speech, public address, extemporaneous speaking, original oratory, and significant speech. In the play acting competition, Superior students performed "Antigone."

## *fha* hold banquet

The FHA (Future Homemakers of America) Club began its second year as an organization. Members put much time and planning into their annual Christmas bazaar. The club held bake sales and worked on various service projects throughout the year. One of their projects was making items for resthomes. Last March the club held a mother-daughter banquet and style show. The Club year concluded with an annual trip.

Elected last fall were president, Diane Grimsrud; vice-president, Cindy Krenz; secretary, Bonnie Blume; treasurer, Kathy Olson and publicity, Caryn Reick and Debbie Blackmon.

*sets academic pace*

The National Honor Society was more active this year than it has been during the past two years. Meetings were held during school hours and officers were elected at the first one. They included: Doug Score, president; Emalyn Tucker, vice-president; and Cheryl Bergsgaard, secretary-treasurer. One project the club concentrated on was formu-

lating a new method of changing the grade point system. Another project was working in conjunction with the Social Science Society in setting up a student center. Senior members receive the traditional gold tassel upon graduating.

To be a member of LDP Club, a student must have received the American Legion Award in ninth grade. This honorary club, currently containing 15 members, was named after LeRoy Doleyish, principal at Pattison School from 1924-1933.

Whenever you see a boy with a letter sweater or jacket, you'll know for sure that he's a member of the "S" Club. Boys who earn a letter in any of the school's 11 sports are automatically members of the club. Their main activity this year, as in past years, was selling refreshments at each home football and basketball game.

### *hold important jobs*

Because of the split shift this year, speech students were responsible for presenting the daily news both first and ninth periods. The announcements also were phoned each morning to the Twenty-first Street workshop. As advisor, Mr. Flynn must approve all announcements before they can be read.

Students in the Library Science course are involved with much more than just checking out books. They must learn circulation routines, shelving of materials, care and repair of materials, book ordering and receiving routines, book processing, typing, and filing. The students offer a great service to the library as well as learning a new skill.

## *give up study-halls*

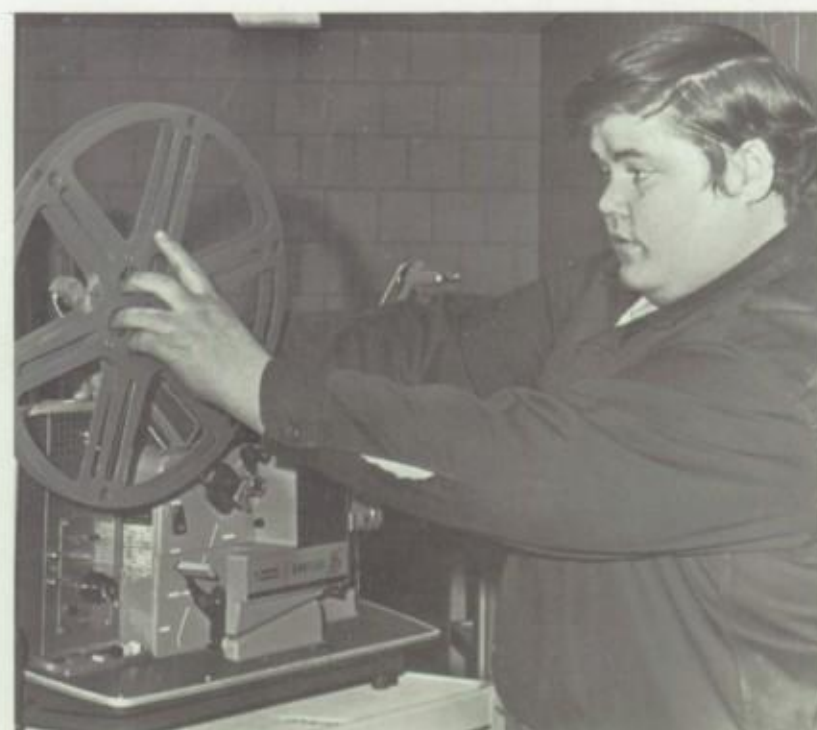

Interested boys volunteered their study halls to be audio-visual assistants. Their job consisted of checking equipment in and out of the room, making film and tape repairs and assisting teachers in running the equipment. The boys are taught their duties by Mr. Parish.

This year 45 girls in Office Help were willing to give up their study hours to work in various offices, taking some of the work load off the shoulders of the counselors, deans, secretaries and treasurer. Because of the responsibilities taken on by these girls, the people in the offices were able to devote themselves more completely to their duties, thus benefitting the school as a whole.

The French Club began its year with an initiation party for which members were requested to dress in French costumes. The organization entered a marching unit in the Homecoming Parade. They followed up this event with a caramel apple sale which proved to be a tremendous success. The annual Christmas party was held and presents were exchanged by willing members. Guest speakers were invited to various parties held throughout the remainder of the year.

## *student council makes changes*

This year the council underwent a complete change. Instead of having one representative from each homeroom, ten members were elected from each individual class. The council consisted of thirty class members, four officers, and the three class presidents.

The council sponsored many different events to keep the student life of Superior Senior High on the go. Among those sponsored were Homecoming, the Christmas Dance, and Snow Week.

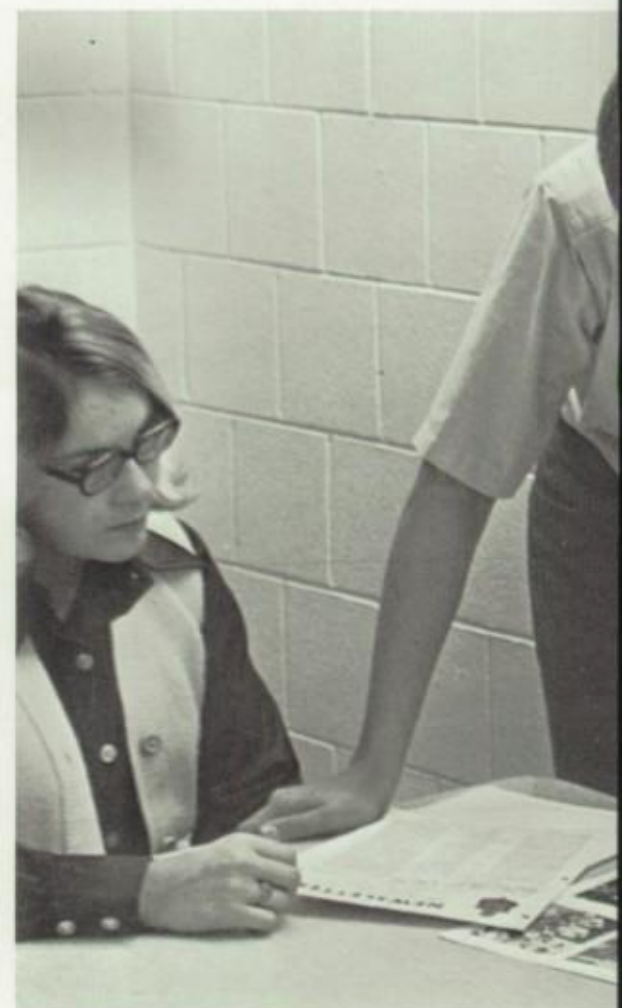

As for a major change, the Constitution of the Superior Senior High Student Council had to be rewritten to make it lawful for the classes to elect ten members at large.

## *latin club*

*work on roman culture*

One of the Latin Club's first projects this year was to create great mythological skits, complete with props and costumes for the Latin classes. They also initiated newcomers to the club last fall. The Latin Club celebrated Christmas with a party. Club members taking Latin II worked on written projects concerning Roman culture. Various sales were organized to provide money for the club. In the spring, the club took a trip to Minneapolis to view a play and also held a Roman banquet, featuring Roman food. The officers, under Mrs. Eleanor Shulstad, are president, Mary Blair; vice-president, Laurie Resnick; secretary, Peggy Horton; treasurer, Cheryl Kempinsky.

## *spanish club*

*discovers new food, customs*

"Crusaders on the Run" was the theme of the Spanish Club marching unit for the Homecoming parade. The entry featured the "Frito Bandito," who chased students disguised as crusaders. Spanish Club members took charge of decorating the classroom for Christmas. In celebration of Christmas, members constructed pinatas filled with goodies, which were broken at their Christmas party. Another party was held at which Spanish foods were prepared and eaten. Various money-making projects helped to finance this organization.

Carol Steen presided at the meetings which were held at least once a month. Vice-president of the club is Caryn Rieck, secretary is Carla Ness and treasurer is Karen Nummi. The club's advisor is Mrs. Marge Rutan.

*mets*

## *hold science fair, take field trips*

The METS (Matter, Energy, Time and Space) Club provides an opportunity for science-minded students to share their interests. No requirements are necessary in order to join this club.

Officers were elected last fall. They included president, Mike Paquette; vice-president, Nancy Lindberg; secretary, Lynn Moran; and treasurer, Jill Seguin.

One of the mets' projects as a group was to prepare the annual science fair, which was bigger and better than that of previous years. Members took field trips to area points of interest throughout the year. They also viewed films. In May, a program entitled "The Atomic World" was presented to METS members.

Club members talk over coming events with Mr. Kalin.

*social science society*

## *get involved in government activities*

One of the newest and most active organizations at SSHS is the Social Science Society. This club, advised by Mrs. Laura Bowden, was formed to involve students in the activities of the city and county governments, as well as those in school. Membership is open to any senior, junior, or sophomore student currently taking a social science course.

One of its services is the tutoring program. Qualified students volunteer to spend their studies and free hours helping other students who are having trouble with a certain subject. This program, called Student Center, makes reference and resource materials available as well as help from other students. Most of the Student Center activities take place in the cafeteria.

The Social Science Society has an Executive Board in addition to its officers.

## *dramatics club*

### *enjoy initiation*

The Drama club started off this year by having an initiation party for new members. Persons being initiated were dressed in costumes and had to perform skits in front of the club. "West Side Story" was put on by choir and club members along with other students. At Central Jr. High they helped with the children's plays. At the end of the year the annual banquet was held and various acting awards were given to the best actors and actresses of the year.

 newspaper. Each of the 16 members were chosen by Mrs.  
 Bernacki on their ability, interest in the paper and creative

*strives to make this book the best.*

Members of the index and advertisement sections toil over unfinished material.

The yearbook staff of this year strived to construct a bigger and better yearbook. At the beginning of the year, students decided on which aspect they wished to work. The staff consisted of copywriters, photographers, and layout, index and advertising staffs. Under the guidance of Miss Judy Lindberg, advisor, and Terry DeBrock, editor-in-chief, students were kept busy trying to meet deadlines.

To celebrate the fact that all deadlines were met on schedule, a banquet was held by the yearbook staff.

## *sophomore choirs set high goals*

The sophomore mixed choir, under the direction of Mr. Ernest Teie, worked hard perfecting themselves for various concerts throughout the year. Besides the regular singing, the choir also learned about music in general and ways of combining male and female voices in harmony.

The sophomore girls' choir, also under the direction of Mr. Teie, practiced energetically to perform at concerts. They listened to records, discussed composers and learned to read music and sang. This choir is composed of about 35 girls.

This select group, chosen by Mr. Teie, consists of 85 members who are juniors and seniors. Besides performing at concerts, the choir also took a recruiting 'tour' to East and Central Junior Highs. The purpose of this 'tour' was to get students interested in singing when they come to Senior High. Tryouts were held in the spring to choose next year's members. Any interested students could try out.

The Spartan Singers, made up of 17 full-time Concert Choir members, perform separately at concerts and at various other events. Through hard work and many practices, the Spartan Singers, along with the Concert Choir, provided fine public performances.

*entertains at half-time*

The Marching "100", composed of the more advanced music students of the school, played a very active part in the school year. Under the direction of Mr. S. Brinley Shaw, they were involved in such activities as half-time entertainment at football games, the Christmas City of the North Parade and many other events.

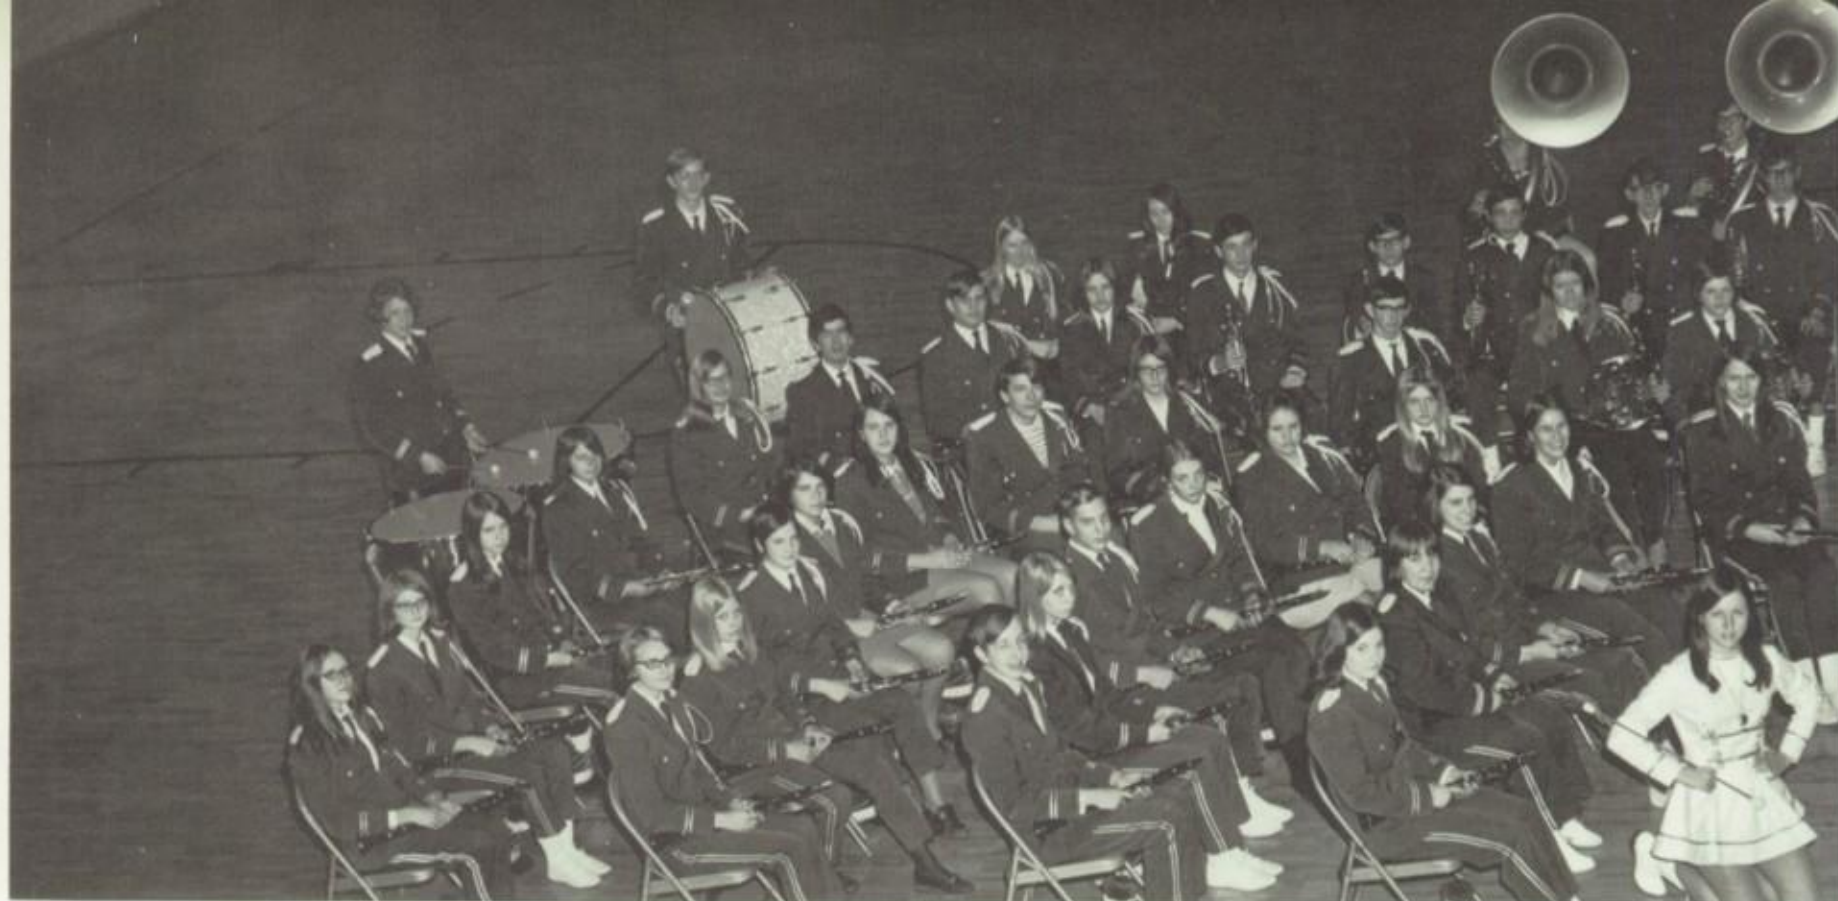

The band took a very active part in Homecoming, playing at the pep assembly, in the parade and during half-time for the football game.

After the close of the marching season, the band turned its attention to concert music for such activities as the Christmas Concert and the Festival of the Arts, held in the spring.

Music is provided by the "Marching 100" during football half-time.

## orchestra

*members don formal attire*

This year's orchestra, under the direction of Miss Shirley Wagner, performed at several concerts, accompanied the musical, "West Side Story" and competed in an annual contest. Two of the concerts, held in April and June, featured senior soloists. For the first time, the orchestra performed in several Wisconsin cities during a two-day tour. Another change made was in concert dress. Boys were requested to wear bow ties and white shirts with black suits or to wear Marching "100" band uniforms. Girls were required to wear black dresses.

In addition to the orchestra, interested students participated in various ensembles. The year was wound up with a picnic held at Lake Nebagamon.

This year's Ski Club was the largest in the history of S.S.H.S., with over 150 members. Under the direction of Mr. Ronald Orlandi and Mr. Ray Mickolajak, the Ski Club took trips to Quadna Mt. in Minnesota, White Cap Mt., in Wisconsin, and Loch Lomin in Canada. The planning of these trips was supervised by Mr. Orlandi, with the help of about 35 club members, including club officers: Rick Johnson, president; Kim Thompson, vice-president; Pat Girzi, secretary; Larry Schmid, treasurer.

### *boost school spirit*

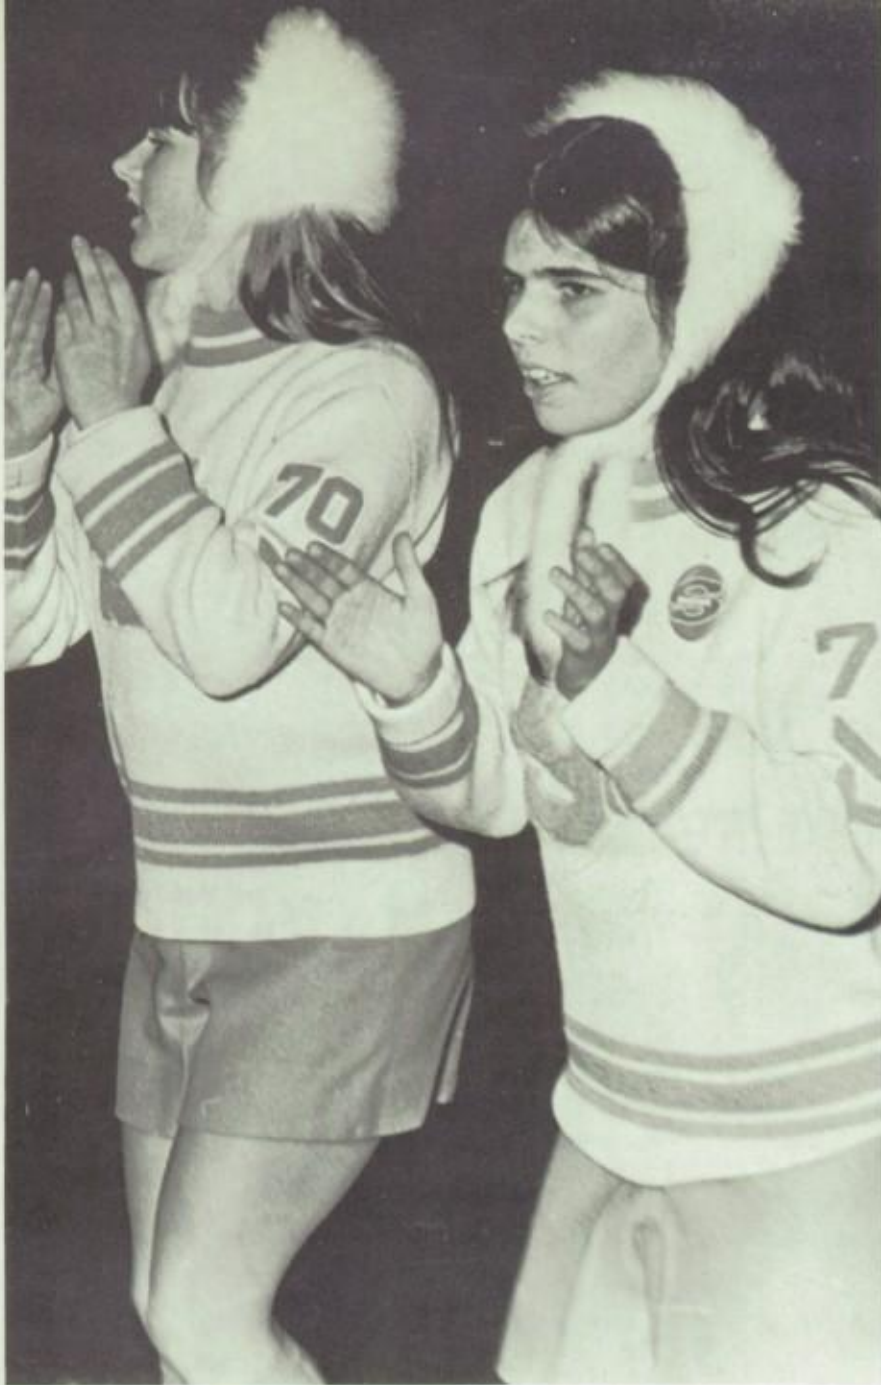

Each squad consisted of eight girls with two alternates. The girls held bake, doughnut, and shaker sales. The money was put into the travel fund for the bus trips on away games. Tryouts for "A" squad and hockey were held in May, while the B squad cheerleaders were selected in November.

Enthusiasm and spirit was provided by this year's lively and peppy cheerleaders. Because of their promotion at pep assemblies students were aroused and a big crowd turned out at the games. Not only did they set the spirit high for students, they also gave the team members that extra push they needed to strive for victory.

The Spartan twirlers also performed in the Homecoming Parade and at the half-times of basketball games. Through hard practices, the twirlers gave fine public performances throughout the year.

Senior High's football team had a very respectable season this year with a lot of spirit backing them up. Starting off the season the gridmen were defeated their first game against Eau Claire, but reviving themselves, they bounced five teams in a row setting the best record in three years. They left a game to St. Cloud and ended the season victoriously, 30-14 over Virginia.

Seven of the first 11 players were juniors this year. This promises a fine team next year with the undefeated Junior Varsity coming up to help out.

The coach again this year was Mr. Roesch with three new helpful assistants, Mr. Teslaw, Mr. Zankow, and Mr. Tanski.

Last year's team was the first to have the complete benefit of a full-scale junior high track program. The team was an all-around squad with the field events having a possible edge.

The team started the year with an outstanding victory in the First Annual Packy Paquette Meet, which was named after the late S.S.H.S. athlete. At this meet, Superior was recognized as the finest track team in the area. Throughout the season, the individual competitors helped to compile a proud record.

Rick Murto added the crowning touch to an excellent season by taking first place in pole vaulting at the state meet.

This year's team overcame many difficulties in compiling a 13—0 record. Every swimming record was shattered at least once, as the swimmers proved the best in the school's history.

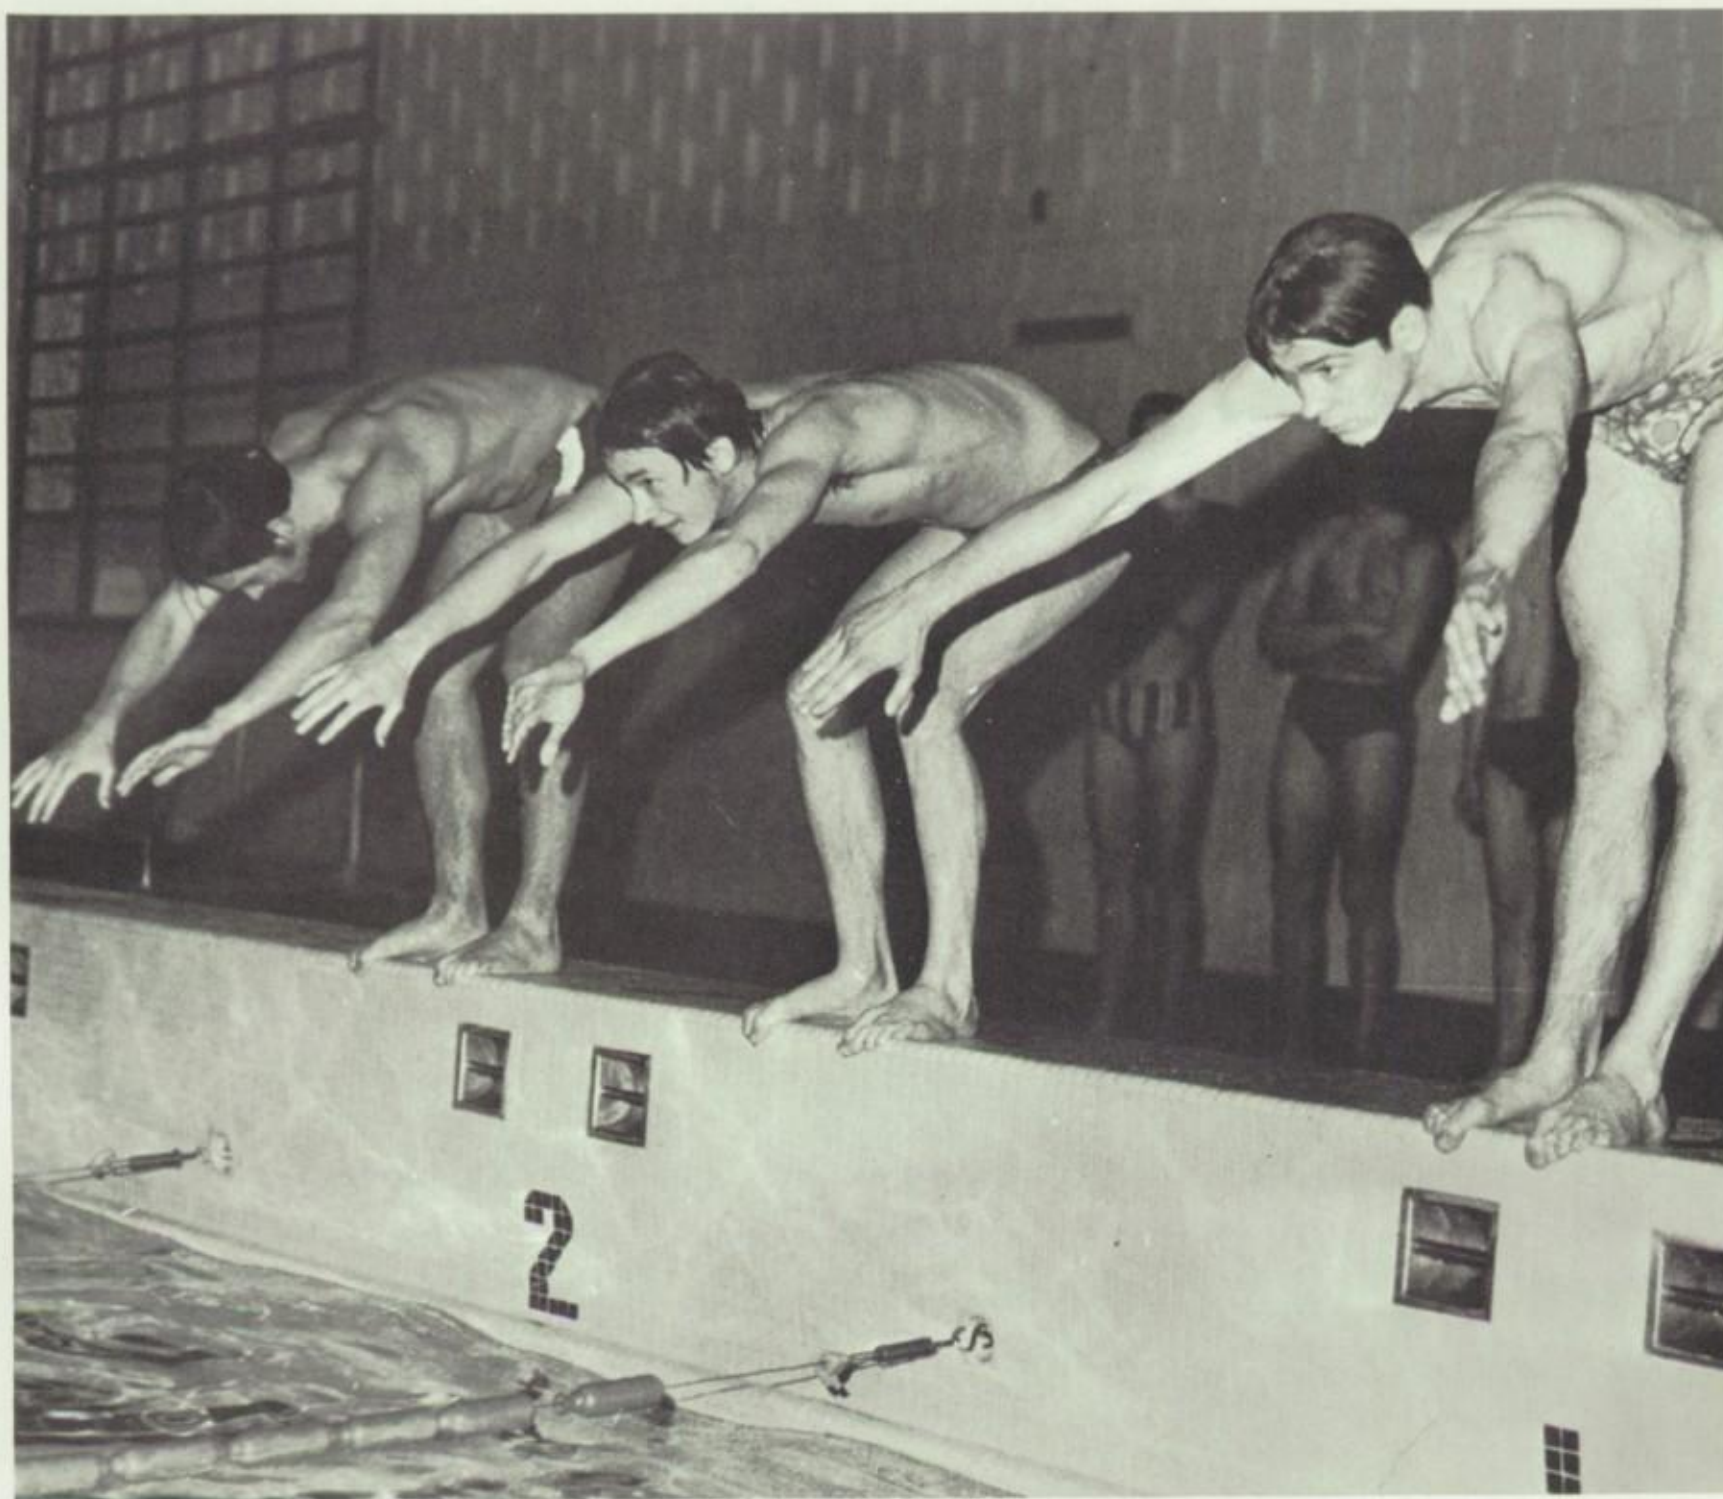

The team established itself as best in the region by taking the Spartan Relays for the second consecutive year. Dual competition was a breeze for the Spartans as no other team came closer than nine points. In dual competition, the team scored 793 points compared to 410 by the opponents.

In the sectional meet, the swimmers took a disappointing third place. However, more boys qualified this year for the state meet than any other year.

### *return from state tournaments*

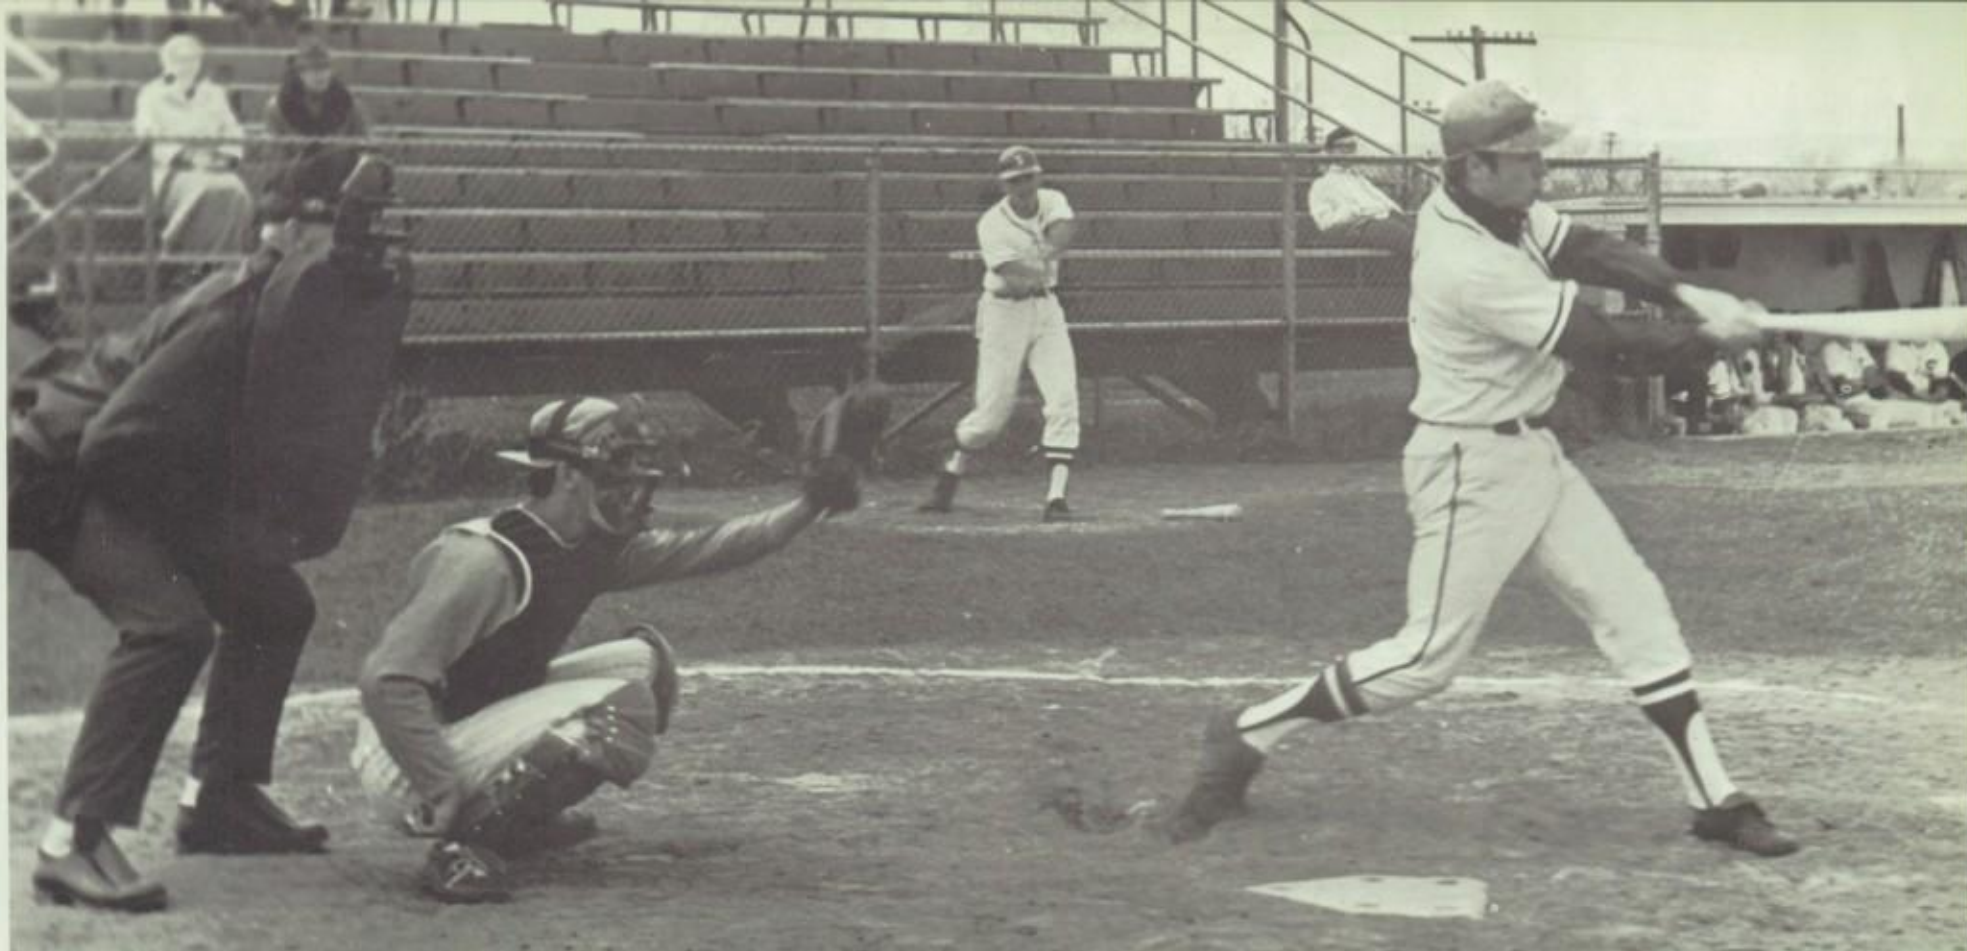

Taking a 14—5 record into the tournaments, the Spartans proved again that they are not a team to be overlooked. Coached by Ron Orlandi, the Spartan nine averaged 8 runs per game while holding their opponents to a pitiful 3. The Spartans averaged four homers.

As tournaments got underway, the Spartans overpowered Northwestern and South Shore by 12—9 and 19—3, thereby, putting the chains on district play. At regionals, the Spartans clipped Mellan 7—5. The path now paved to the sectionals, the Spartans routed Chetek 11—5 and Hayward 5—3. Moving finally into the state tournament, the Spartans ran up against tough play by being blanked by Menomonie 2—0.

During this time, Tinker lead through the district and regional tournaments with a hot .700 and Wickell batting a .330.

A difficult sport in many ways, golf has bent new eyes toward our five returning lettermen, Charles Place, Kim Thompson, Dennis Wedan, Mike Kaluza, and Douglas Lomberg, coached by Mr. Teie. These boys have improved vastly and proved to be a threat.

In the '69 season the team placed 3rd in the Regionals in Hayward with Charles Place taking Medalist honors by shooting a 79. He entered the Sectional Tournament at Cumberland, where he was a Medalist again with a 69. From there he entered the state tournament at Madison, June 6-7 and shot a fine 169.

Superior's cross country team, even with the abbreviated season, developed quickly this year finishing eighth in the state. The team won all dual meets and finished with the best record in the school's history.

The two strongest runners were senior Jim LeRoux and junior John Larson, who together paced the team. A surprising victory was achieved by capturing first in the region and the team turned around to earn a berth in the state meet by taking second in the sectional meet. Returning talent from this year's team should comprise another excellent team next year.

### returns to state tournament

Superior's hockey team turned in another successful season with a 13—4 record. The team's high powered offense kept several worthy opponents in check.

Twice during the season the team won six of seven games. These two strings were broken only by two one-point losses. In the middle of the season, the Spartans fell in overtime to Duluth Central and lost to powerful Duluth Cathedral. The only Wisconsin team played was Eagle River, which was downed 11—3, indicating things to come in the upcoming tournament.

### *has successful season*

Compiling a record of 10 wins and 4 losses, Superior's victory-minded Junior Varsity completed another successful season.

Surprisingly though, the Junior Varsity had five new starting players that combined into a smooth-working unit and outlasted the majority of their opponents.

Coach Steve Kirk built his team around a blazing fast break offense and one of the toughest defenses in the area. Though small in stature, the team could give any opponent a run for its money, and did.

*determination and sportsmanship makes  
the team*

The Baby Spartans displayed fine sportsmanship and great determination as they performed under the leadership of Coach Rod Dimich.

The sophomores showed great promise against Superior's biggest rival, Eau Claire. The Duluth teams weren't much of a match for this fine team. They're hoping they have just as good luck next year upon moving to Junior Varsity.

# College Bound?

The years pass quickly . . .  
so plan now . . .

One of the best ways to be sure that there will be college coming up for you is to start saving now. Open a college savings account, and save regularly for the happy future that will be better . . . if you prepare for it.

But, if you've got college coming up this Fall . . . Our Tuition Loan Plan can help!

Our bank makes tuition loans to attend any accredited college of your choice. It can cover all, or part of, a college education.

(Shit),  
 Well since I  
 don't know your  
 name I'll call you what  
 you are, small, and look  
 like every day. Just kidding you  
 a really sweet kid! (Bull shit)  
 Cookie  
 P.S. Have fun this summer  
 and say off the boys!

(Baby Doll,

Well this is the second time for writing in your year Book and I'm glad I get the Big privilege of being able too write)

Hi Honey - Well its been the most 2 wonderful years in my life and I hope they continue for the rest of my life - but time will tell, we have our ups + downs but we average out awful darn good. We've got a great summer ahead and were going too make the most of it - and maybe I'll even take you too a few gift shops through out the next couple of months (Plus a few Candles)

By the way next year I'm going too be BOSS instead of you - two years in a row just isn't fair so instead of you getting your way, for a change I get mine - this isn't only a (womens world) I'm only teasing but it sure sounded good on paper hon - last chance

By the way you mean one heck of a lot too me babe and I'll always care for you and try too make you happy 24 hours a day if its possible

You maybe don't get the finer things in life but I try too give you the little things and the love and understanding that a man should give his women which is some times hard But when a girl means a lot a guy can turn the whole earth if he sets his mind to it - and thats the way I feel

I love you very much Babe with love  
and kisses  
I love ya

P.S. always be happy  
Babe

Fullmer!  
Well even  
though I knew you  
for such a short time  
you still a real friend  
and stay that way too.  
Best of luck in anything  
you do and where you go!  
Linda

A meaningful year

- combines joy and sorrow
- involves achievement
- develops friendship
- requires participation

We assembled our LACEDAEMON with the goal of recording school activities and events as comprehensively as possible.

By using these four words, we were able to express four important phases of school life. The use of pictures, copy, and cutlines enabled us to relate the story of Superior Senior High School, 1969-1970.

The staff of the 1969-1970 Lacedaemon would like to express their sincere appreciation and gratitude to all those who were involved in the construction of this book:

Our advertisers for their financial support,

Miss Judy Lindberg and Mr. Joseph Sitek for their guidance and unceasing patience,

Marilyn Schroeder for all her ability, time and effort,

The administration and faculty for their cooperation,

And the student body for being an inexhaustible source of picture material.

This Lacedaemon is the achievement of a staff who has worked long and hard to attain the goal of capturing a school year in pictures that "tell it like it was". Through participation in all phases of yearbook work, members now know the joys and sorrows of working together toward a responsible goal. The hours spent constructing the Lacedaemon created not only the book but a friendship between staff members that will endure long after the close of the 69-70 school year.

It has been a memorable year. We hope we have portrayed it as it was.

... Yet the timeless in you is aware of life's timelessness, and knows that yesterday is but today's memory and tomorrow is today's dream ...

Even while the earth sleeps we travel ... Ready we are to go, and our eagerness with sails full set awaits the wind ... We are the seeds of the tenacious plant, and it is in our ripeness and our fullness of heart that we are given to the wind and are scattered.

Dudu,  
Well my last  
year is almost gone.  
It really feels nice to be  
done. Jim going to miss shipping  
school next year. Yes, we will have  
to get together and double date more often.  
I hope you take real good care of Jim because  
he is a great guy. If he tries to get smart with  
you do what I do to Don, smack him. Don may give  
me beatings Friday night but I give him broken bones  
Sunday night. These men today think they can get away with  
murder but us girls know better, don't we? Well, you don't  
want me to take up the whole page so I'll end this. Have alot of  
fun this summer and next year. Good luck in the future. (with Jim)

Have Jim  
baby sitting  
all summer.

Dudu  
Jim always

Elissa  
Don always
